CCTV cameras

Exterior Overview

The Pearl 80 turns heads with her aerodynamic lines, crafted for speed and efficiency. Huge focus is given to a large windscreen and the three tiers of glazing seen from each side. The striking strip of reflective hull glass close to the waterline makes for an extremely bright lower deck, whilst on the main deck the effect is of a conservatory roof flooding the galley area with light. At 24-meters and with a 6-meter beam, the new model stands out for its large, luxurious spaces and outstanding levels of comfort. She is the result of a long period of design and investments in new models and represents a new generation of Pearl Yachts.

Three exterior dining areas: flybridge, bow and aft deck

Sunbathing pads - foredeck and flybridge

Foredeck lounge with tables and sofa seating

Hydraulic bathing platform
