

MAREX 373 aft cabin cruiser

A star is born

Is this dazzling new cruiser the holy grail of family friendly boating ? Marex deserves the title extraordinary because, of its unique style, it's an incredibly versatile boat, capable of fulfilling so many roles on the water: intrepid offshore explorer, uncommonly private week-ender, secure family cruiser, and low-speed inland waterways rubbernecker. As a jack of all trades, we doubt that it has any peers

Motorboat and Yachting

Optimized Price Winner from Marex

How can a brilliant, multi-award winning boat be even better?
Marex listens to its customers and creates the Marex 373 ACC
– a boat that is close to perfection.

Danish Båtmagasinet

This is a boat designed and built by people who won't mind you going to sea when it's less than hospitable
Motorboat and Yachting

If you are searching for a craft in this size range, the Marex 373 is impossible to ignore. Fastidious attention to detail and user-friendliness guarantee a completely honest and incredibly versatile boat. Everything works to the optimum – it is a real challenge to find any downsides. It would be our choice.

Danish Båtmagasinet

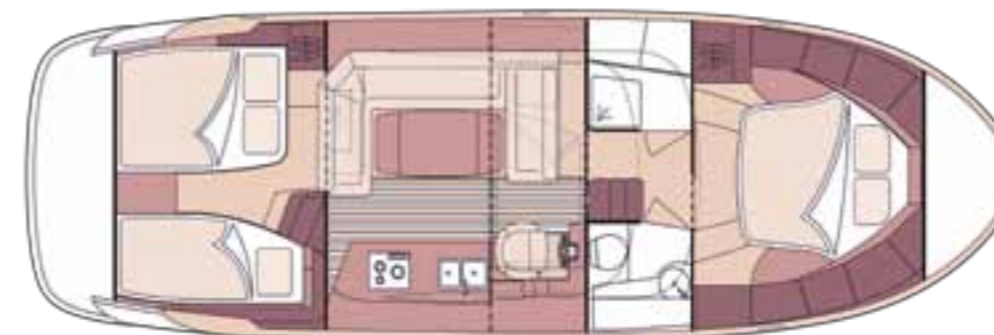

Max Marex
The Marex 373 is extra impressive because its design and technical features are so close to perfection. It is an impressive floating summer home.
